

Kids Against Hunger[®]

of des moines

An international food relief campaign

World hunger is the largest problem the human race faces at this time with an estimated 800 million people in some type of food-related crisis. **Every day more than 40,000 people die from hunger-related causes – that's one person every two seconds.**

Kids Against Hunger of Des Moines is a nonprofit organization whose mission is to end that tragedy by packaging and shipping life-saving meals to starving and malnourished children in developing countries and the United States. The meals, formulated by Cargill and General Mills food scientists, provide a rich source of easily digestible protein, carbohydrates and vitamins needed by the bodies and minds of undernourished children.

The average volunteer can help package 500 meals in a two-hour volunteer shift! At a quarter a meal, that means their meal supply costs can be covered by raising \$125.
